

Fraser meeting notes
April 26 2019

In attendance: Liz Kalisvaart, Rebecca Henuset, Lauri Gilchrest
Regrets: Mike Grue, Mohamed Elsaghir, Julie Aliosio, Matthew Taylor

1. April 27 Phase 2 launch final planning

Lauri explained that Kylie is not well (volunteer student) will not be able to attend the event. However, she and Kylie dropped off handouts yesterday around the neighbourhood. Lauri noticed that people they spoke with were aware of April 27.

Liz thought we should add sandwich board signs and balloons to put up in front of Fraser way entrance and at the parking lot. Liz texted Heather Sweet's campaign office and learned we could pick up as many signs as we want from their campaign office. Kevin is the contact at the office. Karen will pick up the signs at the end of the day tomorrow to make sure no issues with bylaw.

ACTION ITEM: Karen is picking up Tim Horton's coffee and condiments and treats and juice for kids and water bottles.

We have a poster to put up tomorrow as Rebecca was able to get printed. It is a bit pixelated but it was the best the folks at City could do. It is very much appreciated.

ACTION ITEM: Karen will provide an honorarium to Kylie for the 3 hours she spent dropping off the handouts.

2. A short discussion around how the process has gone thus far found a consensus that the process had gone well and that our efforts in reaching out, using materials that were clear and concise were helpful and well received. Reaching out through the schools and using their ideas in our outreach was great. The committee work wasn't overwhelming and everybody was really engaged and contributed. We all cared about the process. Everybody had a voice. The engagement was phenomenal – we cast a wide net and tried to get diverse feedback.
3. The group is hoping that we can find a balance between outreach and moving forward to rezoning and permitting. On that note, we discussed timelines and together, we agreed that the following timeline would be acceptable:

- May and June 2019: organize and complete small group discussions.

Could do something at the playschool because the mom's gather ½ hour before and after playschool

- July and August: work on the sketches and proformas and plan the event on the land
- September: event on the land to obtain feedback on the sketches and proformas

Finalize the concept by end of September

- Before thanksgiving have a couple sessions – one at school and one at community league to present final concept for last round of feedback.

Details in the timeline: (please note some details were added after the meeting)

May 3: Giant Tiger staff group discussions

May 8: E4C assists with obtaining feedback from Capital Region Housing residents in the neighbourhood, Bannerman Tenant Centre 2434 139 Ave.

May 12: Sobeyes- table in the afternoon

May 15: Playschool Registration – table

June 14: Bannermania - table, 5-9 pm, Bannerman Community Hall 14034-23 St.

June: Fraser School focus groups including

July 6: Community League – Fun in the Sun. 500 people attended last year. We can set up a table.

July 6 – August 25: complete the sketches and the proformas, organize the event on the land for September and plan the engagement for the final concept design.

September – Event on the land (need to confirm date) keeping in mind that Sept 14 is Community League Day

October - Before thanksgiving, October 14, have the final concept. Have one last open house on the final concept and at the school and then we are done.

Lauri asked a very good question. If we don't get a lot of feedback, what then? Then the group will review the feedback received and the group will decide on the concepts to bring back to the community.

4. What do we hope happens in the next phase?

ACTION ITEM: Rebecca will ask if we can set up a table at the Clareview Rec Centre so that we could advertise the event on the land. Rebecca will ask Christine about setting up the table and advertising on the big electronic sign at the rec centre. Rebecca is hoping that we have people participating in the small groups.

Liz likes the idea of connecting with the Somali Women's Group.

Karen updated the group about the outreach at Bannerman School. As a result of explaining the project at the Bannerman Partners Collaborative, the new principal at Bannerman said that she would have the grade 5 and 6 classes draw ideas about what they would like built and then they would staple the post card to the back of the drawing and send it home to the parents. Karen dropped off the drawing pages and postcards at the school.

ACTION ITEM: Lauri will send me the contact info for the indigenous elders group at the Fraser school.

ACTION ITEM: Karen create timeline and share on Trello.

Rebecca suggested that before September event on land, we could roll out information, even a simple graph, or info graphic, to find a unique way to share the ideas.

ACTION ITEM: Karen will create the info graphic to post on line and on the website.

ACTION ITEM: Karen will find a way to get a small painting of the poster completed so that it could be posted in the downstairs area where parents drop off children and a brief explainer beside the painting. Next meeting date is May 10.
